Just why he stayed in a town that was short of the fluid that cheers is a little hard to understand, but he explains it by saying he stayed over to the meeting of the Grand Lodge of Masons. Some of the lady teachers will possibly make the top of his head look like a full moon, and we will state right now that he will get no sympathy from us. P. S. The Red Cross Meeting.

A mass meeting of the citizens of Medina county assembled at the Hondo Red Cross rooms Tuesday afternoon at 2:30 o'clock, the purpose of the meeting being to organize the various auxiliaries of the county into a County Chapter with Hondo as headquarters.

Judge R. J. Noonan introduced the speaker of the evening, Mr. Wm. Baxter, Jr., Field Agent for the Red Cross for the Southwestern District, who gave a history of the organization from its incipency to the present day—picturing its growth from the organization of the first chapter to the nationwide organization as it exists today. His address was listened to with interest by the large audience present.

At the conclusion of Mr. Baxter's address the county unit plan was taken up and after thorough discussion a motion was made by W. L. Dubose, chairman of the Devine auxiliary, that Hondo be selected as the central point and Red Cross headquarters for Medina county. J. C. Newton, chairman of the Yancey auxiliary, seconded this motion, and Hondo was chosen as the place for the organization of a chapter. The following officers were then elected:

Judge R. J. Noonan, chairman; Mrs. Wm. A. Schmitt, vice-chairman; Mr. Isaac Wilson, secretary; Mr. H. F. King, treasurer.

Judge Noonan, Mrs. Wm. A. Schmitt, Isaac Wilson, H. F. King, Mrs. H. J. Meyer, Mrs. B. R. Bradley and Rev. J. W. Long were selected as members of the executive committee of the Hondo Chapter.

Editor W. L. Dubose, chairman of the Devine auxiliary, gave a short report of the work being done by that auxiliary; and Mr. Newton, chairman of the Yancey organization, complained of their being handicapped by their inability to get material, and expressed himself as being pleased with the prospects of help from the Hondo Chapter.

Mr. Baxter spoke of the value of pulling together in Red Cross work for the aid and comfort of our soldier boys at home and abroad, and urged the cultivation of a true Red Cross spirit in Medina county. Leave your grudges at home, do your duty by becoming a member of your local chapter and giving it all the aid and encouragement in your power, he urged.

Medina county's pro rata of Red Cross members should be 20 per cent of the population of the county, therefore, as the population of Medina county is approximately 15,000, our Red Cross membership should be brought to 3,000. The present county membership, as near as we are able to get figures, is as follows: Hondo, 274; Devine, 200; and Yancey 88, a total of 562. Join the Red cross NOW—\$1.00 a membership—at your local chapter, and help us gain our 3,000 members.

Hondo defeated Uvalde.

Hondo defeated Uvalde 44 to 12 in a hard fought game Thanksgiving day in Uvalde. The largest crowd of the season was out to cheer Uvalde on. Quite a crowd of Hondo people was also over for the game. During the first quarter Rothe for Hondo made two touchdowns Stiegler failed to kick goal. In the second quarter Stiegler made the next touchdown for Hondo by line bucks. Fly made the next touchdown for Hondo. The half ended with the score 24 to 0 in favor of Hondo. During the third quarter Uvalde made her first touchdown on a forward pass. Hondo also added another in this quarter when Chas. Wilson went over on a delayed end run. During the fourth quarter Uvalde made her second touchdown by the aerial route again. Stiegler added another for Hondo when after an end run of 65 yards by Rothe, he bucked across for the last touchdown. The game ended with the score of 44 to 12 in favor of Hondo. The whole Hondo team played real football. Irwin Frerichs played a great game at centre and especially on the defensive as here he broke up play after play that Uvalde started. Carter was death on catching passes and at times seemed to be invisible as Uvalde did not seem to be able to keep track of him. By this means long gains were made by passing from Stiegler to Carter. Rothe was unstoppable as it took at least three men to stop him every time he had a ball. Stiegler passed the ball with deadly accuracy and also bucked the line for long gains. Fly played a great game at quarter. In fact Hondo's whole team played real football all the time. They gained whenever and whenever they wished. Uvalde could never gain except through the line. Gulley played a good game for Uvalde. In fact he was the whole team and the only man who was ever able to gain. Taken in all it was a great game.

**Artillery Man's Wife Gained 20
Pounds On Tanlac—Is Like
Different Woman.**

"My wife has gained around twenty pounds by taking Tanlac and has improved so much she really looks like a different woman," said A. L. Easton, of 419 Hood Street, San Antonio, the other day. Mr. Easton is another of Uncle Sam's boys who is a Tanlac booster and is a corporal in the Twentieth Field Artillery.

"My wife has been a sufferer for three years from stomach trouble," he continued, "and got so bad she could hardly eat enough to keep her alive. She had no appetite and what little she did eat seemed to do her more harm than good. Her food would not digest and after eating gas formed in her stomach and kept her in misery for hours. She was all the time complaining of a sharp pain in her side and her nerves were shattered so she could hardly sleep at all, and she would worry all the time over her condition. She kept getting weaker and thinner all the time. About a year ago she was operated on, but she kept on complaining of the pain in her side and seemed to be getting worse instead of better."

"We had about decided to have another operation but thought she had better try Tanlac first, and I am sure glad she did for it seems to have gotten rid of all her troubles. She eats anything she wants now and it don't hurt her at all. She sleeps like a healthy child and gets up in the morning feeling hearty and strong and actually able to do all her own housework. She has been entirely relieved of all pain by Tanlac and says she is better in every way than she has been in years."

Tanlac is sold in Hondo by W. H. Windrow, in Devine by Lion Drug Store, in D'Hanis by Louis Carle, in LaCoste by Dickey Drug Co., and in Dunlay by Louis A. Haby.

Arrangements have been made with J. W. L. Hanley to do a real estate business at D'Hanis. See him at the depot at that place and talk over your real estate wants with him. Fletcher Davis.

WOMEN'S WOES.

Hondo Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people in this locality.

Mrs. T. E. Gourley, 124 Drexel Ave., San Antonio, Texas, says: "The first kidney trouble I had was an ache in the small of my back. Every morning when I got up, I felt tired, for the night's rest didn't seem to benefit me at all. I had occasional headaches, too. Doan's Kidney Pills certainly gave me quick relief and I soon felt well again. I usually have a box of Doan's Kidney Pills in the house and whenever I have needed them, I have had fine relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gourley had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

HOW MONEY GOES ROUND IN A CIRCLE

"There won't be any money left in the country if they keep on asking for these loans."

How many times do you hear such a remark made about the Liberty Loan? Perhaps you may have even thought something of the sort yourself.

To a man not used to finance the thought is a very natural one.

Let us think this thing out. In the first place, practically all of the money subscribed to the Liberty Loans stays right here in the country, and a good deal of it stays right in the locality from which it is originally subscribed. So this talk about "draining the country," and about there "being no money left in the country," is sheer nonsense.

Let us see how this works out.

We will suppose that you are a farmer, or cotton grower, that you have purchased a Liberty Bond and you are paying by installments spread over several months. Now, until the government actually needs your money it leaves it on deposit at some local bank which is acting as a government depository—maybe your own bank.

Now, by the time you have paid the LAST installment on your Bond, it is quite likely that the money paid in as your FIRST installment has been used by the government to pay for your own cotton or grain, and you will be returning this very same money to the bank to be placed once again to your account, or to apply in your purchase of another Liberty Bond.

"But," you say, "how about these millions and millions of dollars loaned to our allies? Does not this money go out of the country?" It does not. Practically all of the money which goes to our allies is lent with the clear understanding that it is to be used for the purchase of goods in this country. Thus you will see that seldom do we actually loan our allies any money at all, but we loan them goods which you produce and for which you are paid. IN SUBSCRIBING TO THE LIBERTY LOAN YOU ARE PRACTICALLY PUTTING CAPITAL INTO YOUR OWN BUSINESS.

Fears have been expressed by some that the government of this country will place such enormous taxation on the public that it will be almost equivalent to taking their capital and their savings from them. The government of this country desires above all things that you keep your capital and keep it working. It wants your opinion and it wants your confidence and is not foolish enough to take away the capital which you need to run your business. This would be "killing the goose that lays the golden egg." The government wants you to get richer so that you may be in a position to lend some of your increased wealth to carry on the war.

For its own good, the government is trying to make you richer, wealthier than ever you were before. Have you any "kick coming?"

Sickly children need WHITE'S CREAM VERMIFUGE. It not only destroys worms, if there be any, but it acts as a strengthening tonic in the stomach and bowels. Price 25c per bottle. Sold by W. H. Windrow.

IN MEMORY OF OUR FATHER.

F. KILHORN, Sr.
Tis hard to break the tender cord
When love has bound the heart;
Tis hard, so hard, to speak the word
Must we forever part?

Dear father, we have laid thee
In the peaceful grave's embrace;
But thy memory will be cherished
Till we see thy heavenly face.

We miss thee, from our home, dear,
We miss thee, from thy place;
A shadow o'er our life is cast,
We miss the sunshine of thy face.

We miss thy kind and willing hand,
Thy fond and earnest care.
Our home is dark without thee.
We miss thee everywhere.

Yes, we will miss him very much;
But our loss is Heaven's gain,
And ere long we hope to meet him,
And forever there remain.

Oh, father, we love you so!
Our hearts ache with grief and pain.
Dearest, we beg you, pray for us,
That in Heaven we'll meet you again.

Division Publicity Officer.

Nineteenth Division, N. A.
Camp Travis, Texas.

Major General Henry T. Allen, commanding the 90th Division, at Camp Travis, believes that the American soldier, if he knows the reason why, will respond to any call that can be made of him. While exacting that kind of discipline that must be had if the lives of the soldiers themselves are to be safeguarded, General Allen typifies in his every action Paragraph 3 of Army regulations. This paragraph reads:

"Superiors are forbidden to injure those under their authority by tyrannical or capricious conduct or by abusive language. While maintaining discipline and the thorough performance of military duty, all officers, in dealing with enlisted men, will bear in mind the absolute necessity of so treating them as to preserve their self-respect. Officers will keep in as close touch as possible with the men under their command and will strive to build up such relations of confidence and sympathy as will insure the free approach of their men for counsel and assistance. This relationship may be gained and maintained without relaxation of the bonds of discipline and with great benefit to the service as a whole."

The question of selecting candidates to attend the next training school for officers has been receiving the most thorough consideration of the authorities of both Washington and at Camp Travis. Political influence, personal appeals and all those things that sway the civil population are thrown to the four winds in the plan that has been evolved. The question of what a man was, who was his father and the prominence of his wife's relative are all ignored. No stone is being left unturned to pick from the soldiers of the selected draft only those who have shown by their work since they have been in Camp Travis those elements of capacity and leadership that officers must have, and who, prior to coming into the National Army occupied, spheres of activity that would tend to make stronger these essentials. In other words, this war is not to be fought by soldiers led by accidents, but by soldiers led by officers who have gone through the mill, as it were, and have emerged therefrom with demonstrated fitness of their capacities to be officers in the American Army.

Just a suggestion to the Folks Back Home. Write to the soldiers now in the army, write often and write all sorts of gossip. True, the soldiers may not write home as often as they should, but there is a sameness and such a grim reality in their lives here, that coupled with the tremendous amount of work they are doing with cheerful spirits, they sometimes procrastinate about writing until the days grow into weeks and the weeks roll into months before they are aware of it. But this does not mean that they do not delight in receiving letters from their relatives and their sweethearts! In fact those who know the soldiers best, believe that the sweethearts at home can well afford to do just a little flirting in their letters, if need be, to keep aroused the interest of the soldiers. If such a thing should hurt the conscience of these sweethearts, it can be stated with some room for the assertion, that flirting is a game that two can play at and both win—or lose.

If the fond fathers who think their James (camouflage for army "Jim"), or Henry (ditto for army "Hank"), is without a bit of the boy in him, they should come to Camp Travis between 3:30 and 4:30 o'clock any week day afternoon, except Wednesdays and Saturdays. This hour is devoted to games and such games as the boys play would put to rout a case of mullygrubs of the worst kind. Everything from ring around the rosey, to rat and tan, which is played with a piece of rope and a piece of anatomy and a running course, is indulged in. While called play, these games all assist in making supple the muscles, quicken the eye and keen the brain and heart for the work that is just ahead of the soldiers at Camp Travis. Anything that will cause a soldier to be just a fifth of a second quicker than the soldier he is warring with is invaluable. The first second may not be so important in a man's life, but it's that last fifth of a second that counts big with a soldier in actual warfare.

Life Was a Misery

A FAMILY CHRISTMAS GIFT

This Wonderful Instrument

How much is spent in your family for Christmas presents given to one another? Amounts to a substantial sum in the aggregate. And, after all, many of the gifts aren't exactly appropriate. So often they reflect the donor's tastes rather than the recipient's.

Nowadays many families are eliminating the numerous small presents. They achieve the little personal touch through a card or leaflet. And they pool their Christmas funds for the purchase of one really worthwhile gift, one which will pay far bigger dividends in real solid enjoyment to each member of the family.

The NEW EDISON

"The Phonograph with a Soul"

makes an ideal gift. It adds something real and vital to the life of each member of the family. You can't measure what it means in dollars and cents. It stands for countless happy hours; delightful evenings spent in absorbing the world's great music; listening to the world's greatest artists.

The New Edison is comparable to no other phonograph. It actually re-creates the artist's voice or the music from his instrument. By re-create we mean that a human ear can detect the difference be-

tween the living artist's rendition and that of the record. This is not a mere claim; it is a demonstrated fact. The famous tone tests in which thirty great musicians sang or played in direct comparison with the New Edison's Re-Creation of their respective interpretations proved the truth of our assertion. Out of more than a million listeners, not one could tell when the voice left off and the record began.

Come into our store and here this wonderful instrument. The proof of the New Edison is in the hearing. And think over our suggestion of its purchase as a family gift.

Miss Elizabeth Balzen Dead.

Miss Elizabeth Balzen, daughter of Mr. and Mrs. Rolf Balzen of Knippa, died at the Santa Rosa hospital early Wednesday night, after an operation for appendicitis was found necessary. Miss Balzen went to San Antonio Monday with her parents. The family and the large circle of relatives and friends were deeply grieved over the unexpected death. Parents and relatives of San Antonio came through here Thursday on the noon train, with their loved one in the coffin shipped to Knippa, where the funeral took place yesterday afternoon. Many relatives and friends from Medina County, where the deceased was born, attended the funeral. The Anvil Herald joins the sympathy of numerous friends with the grief-stricken family.

Miss Elizabeth Balzen had reached the age of 21 years. Besides her parents she leaves 4 brothers and 2 sisters of the family to mourn her death.

Dec. 14, at Auditorium. The whole State witnessed the wedding of his daughter, Mr. and Mrs. Van Astor. The bride and groom were issued invitations to Medina County to the charming daughter, Mr. Sopolio.

Young divorcees numerous, their reputations known, so universal that the quiet and unassuming that would not disturb the temperaments of the question. Be of such sort would elude the pleasure of the will offerings—which need badly, not for worth, but to hearten

—that is the end not issued, for many not read shaded old worth, (at regular add the fond parents in a woman and child in to color lines drawn, of Marvel and Seekem. Auditorium. Curious, wanted, and in order interested and heart-be admitted, an offer- will be compulsorily

Already many beautiful and costly presents have been received. Besides the stereotyped gifts of solid silver, cut glass and China, such untold luxuries as potatoes, 1 dozen eggs, 4 bushels of coal, etc., have arrived, and are heavily guarded in safety deposit vaults of our local banks. These will be, together with bride and groom, on full display the night of the wedding.

Mr. and Mrs. Van Astor Built and Mr. and Mrs. Sopolio Seekem, Sr., have been prodigal in their preparations to make this an event long to be remembered in the social annals of Medina County. The personnel of the bridal party will be as follows:

Bride, Miss Marvel Spondulix Van Astor Built—John Heven.

Groom, Mr. Sapolia Percy R. E. L. Seekem, Jr.—J. G. Newton.

Matron of Honor: T. C. Barnes.

Maid of Honor: W. A. Smith.

Best Man: P. L. Crane.

Bridesmaids, F. M. Posey, Dr. Myer, Fisher King, F. Cockrel, M. Beal, C. Hoover.

Groomsmen, W. H. Windrow, I. Wilson, Mr. Diiworth, L. Heath, Ed. Ney.

George Windrow and Rudolph Metzger as charming little flower girls will typify the path of life for the young couple by strewing sun flowers in their path.

Mr. Buss in fluffy shirts, beribboned and perfumed, will act as ring bearer, train bearer and pall bearer.

G. H. Kenny, the bride's mother, and H. Merriman, the father, will appear in full blast. Old Black Nurse, Tom Cambell, will bring Little Brother, V. P. King, and keep him in order. Ol. Lacy (old maid aunt) has come way from Dodgetown, Utah, to get some consolation in viewing all she has escaped.

O. H. Miller, the groom's mother, has awaited feverishly to-day's style show, to select her apparel. She will certainly reflect credit upon Hondo merchants as an exponent of "the last word" in dress.

(She has always been that with father.) Chas. Schuehle as "Father" won't have much to say, but he will be there.

Miss Mathilda Aldone (John Horger) has come way from Washington where she has been "picketing" to give the bride some strong advice.

H. Murcer, little sister of the groom, will be on her good behavior.

"Justice of the Pieces", Judge Brucks, will read the impressive ceremony which binds for better or worse,

until divorce shall part, the venture-some couple. Judge Brucks has had plenty of practice in this gentle art, and the public may be sure that he will carry off the event properly. Unfortunately the Judge's observations, derived from his profession, have so biased his perspective, that the stressing times have found him alone and unprotected from any exemptions, and he must leave shortly for the front, leaving the divorce courts bereft their main source of income.

Madam Shuman Screech, Prof. Harrison, will exorcise the classic "Do Married Men Make the Best Husbands".

After the ceremony an informal reception will be held, and every gentleman may kiss the bride, free of charge.

There are two reasons why we'd rather sell you Columbia Batteries for your doorbell, telephone, auto, engine or tractor.

First—It's a lively, full-powered cell. Second—It's so well-known that it sells faster, and for that reason we are able to buy fresh stock often.

Freshness is important in dry cells. Don't accept inferior, unknown or deteriorated batteries—buy Columbias and buy them here. FRESH!

WILLETT'S ORCHESTRA AT HONDO DEC. 27th.

Famous Musical Organization will give Dance with Ten Men in Combination.

Willet's famous orchestra of which the citizens of Medina County are familiar will give a Grand Ball at the Herman Son's Hall in Hondo, on Thursday night, December 27th.

This organization of musicians is considered the best in the South as a dance orchestra and has made an enviable reputation throughout the State.

They have appeared in Medina County before, but not as a complete organization, only bringing five and six men. It is their desire to appear with the full combination, so they will give their first dance at Hondo, on the 27th with the complete orchestration and will be compelled to charge a general admission of 50 cents for all those attending over twelve years of age. The great expense incurred in transportation and the fact that double price prevails over a distance of fifteen miles from San Antonio compels this arrangement.

No doubt the affair will be a great success as many will attend to hear the latest music played by this famous orchestra and all the dancers will be there, as they appreciate good music.

REPORTER.

Starnes-Schuehle.

Lieutenant Earl Starnes and Miss Lizzie Schuehle were married at the home of the bride's parents, Mr. and Mrs. August Schuehle, at 6:30 o'clock Thursday evening, December 6, 1917, Rev. J. W. Long officiating.

Lieut. Starnes was a member of the last officers' training camp at Leon Springs, and at the close of the camp was given a commission as second lieutenant in the National Army. He has been a resident of Hondo for the past several years and is highly esteemed by the people of this section.

The bride is the charming daughter of Mr. and Mrs. August Schuehle, was born and reared in Hondo, and is a universal favorite with all our people.

Immediately after the ceremony Lieutenant and Mrs. Starnes left for San Antonio by auto.

To the happy couple the Anvil Herald, with a host of other friends, extends felicitations and best wishes for a long and joyous wedded life.

Notice.

On Thursday, Dec. 13th, a committee appointed by the Hondo Red Cross Chapter will call at each and every home in Hondo for the purpose of gathering up garments which will be sent to the French and Belgium refugees. Those having infant's clothing of every description which they wish to donate, such as dresses, undershirts, shirts, caps, booties, baby blankets, etc., will please have them ready on that day. Out-of-town people who wish to donate are requested to leave their donations at the residence of Dr. H. J. Meyer.

Louis A. Nehr.

Medina county has paid her first tribute to the great world war. Louis A. Nehr, a young soldier from D'Hanis, died in the hospital at Camp Bowie, Fort Worth, yesterday. He was a member of Company C, 141st Infantry. As the daily papers containing the announcement made no mention of the disposition of the body we are unable to say when the funeral will occur.

The death of this young soldier will cause profound sorrow throughout the county.
